EDUCATION

Walchand Institute of Technology, Solapur, India

2023-2027

Bachelors of Technology, Computer Science & Engineering

CGPA : 9.78

PROJECTS

FormBuilder ↗ :-

- Built a dynamic form creation platform supporting **10+ interactive question types** with real-time rendering, live preview, and customizable **themes**.
- Implemented **user authentication, session handling, and response tracking** to securely manage form creation and submissions.
- Developed **RESTful APIs** with Express.js and MongoDB, and designed a **responsive, modern UI** using React and Tailwind CSS.

WanderLust ↗ :-

- Developed an Airbnb-inspired platform with **user authentication, CRUD listings, reviews, image uploads via Cloudinary, and location mapping using Mapbox**.
- Users to explore, post, and review unique places to stay around the world.
- Built using Node.js, Express.js, MongoDB, EJS, and Bootstrap for full-stack functionality.
- Features include location-based search, category filters, interactive maps, and a dynamic review system to enhance user experience.

POSITION OF RESPONSIBILITY

NSS Volunteer – Walchand Institute of Technology (Present)

- Participated in social service initiatives, including blood donation camps and awareness campaigns on social issues.
- Developed strong communication and teamwork skills through community engagement.

Training & Placement Volunteer – Walchand Institute of Technology (Present)

- Coordinated campus recruitment drives by assisting in scheduling, logistics, and communication between recruiters and students.
